# Committee

- 12 **committed** Committee Members ( could be more)
- **Attendance** is monitored in line with the **constitution**
- All have defined written down **roles and responsibilities**, although we all work as a team and support each other
- The Current Committee widely reflects the construction industry and are from various disciplines within the Industry. This varies from an HSE inspector, Scaffolding Consultant, Principle Contractors regional, Multi National Contractors, Manufacturing.....

- 37 years Involvement with Committee.
- fulfilling all roles within the committee, completing a term as chair in 1997 – 1998.

Passionate about what we do, and hold each other to account! This has led to some re-evaluating their involvement to the group And stepping down from the committee voluntarily if they couldn't commit . “ have done this but been retained as members

# Committee

But we do have fun!

**Passionate about what we do!**

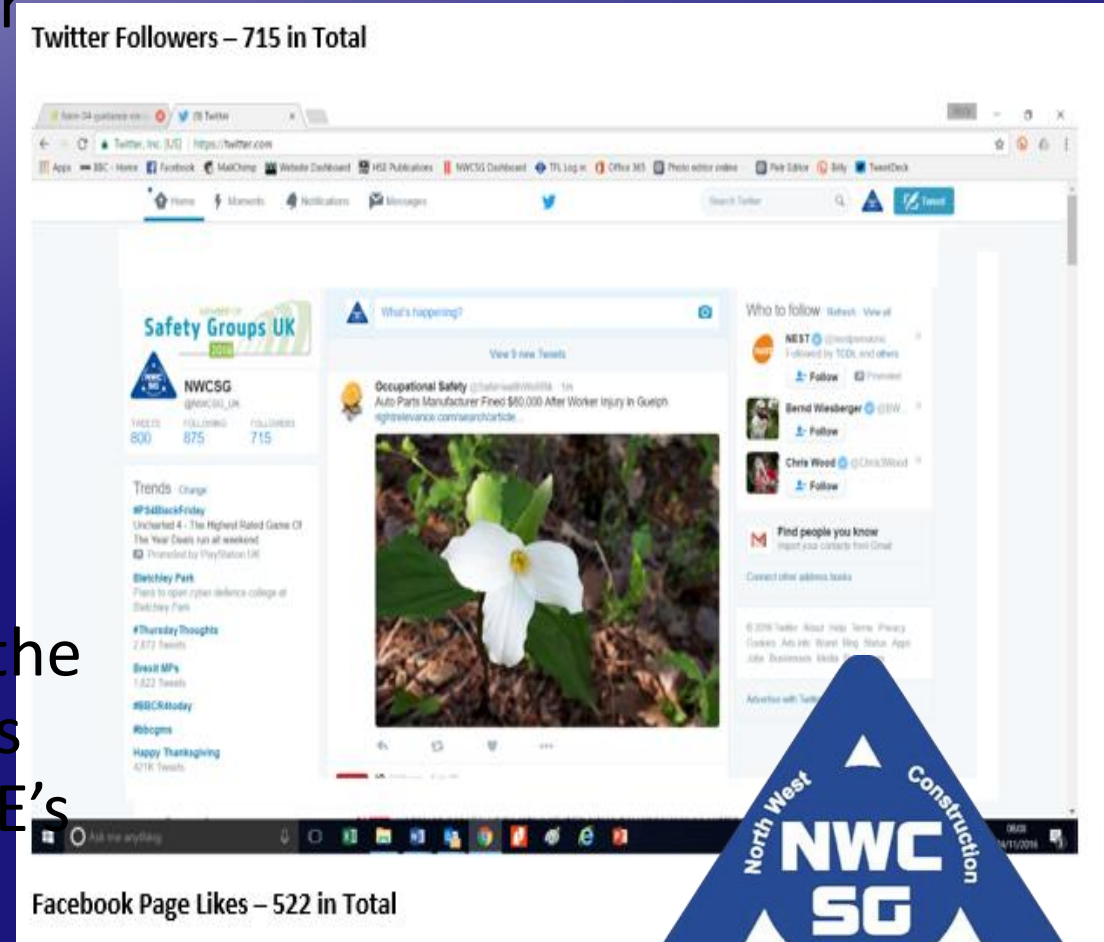

The group makes a difference and we all contribute in our own way, recognising each others skills

# Members

- Communications with Members are regular and they are consulted, as it is their group!
- Different communications
  - Survey Monkey on speakers

### NWCSG MEMBER SUMMARY

# Awards 2016

- **The NWCSG launched an awards evening** for the first time that was ran in April 2016 The group are particularly proud of this event due to its successful take up. The Committee worked hard on establishing a marketable awards criteria that offered something different in the geographical area. We feel that this added value and offered something a little different from other safety groups in our immediate vicinity.
- **There were 5 awards set up by the NWCSG these are:-**
  - Personality of the year Award
  - Lifetime Achievement Award
  - Innovation Award
  - Outstanding Organisation Award
  - Non safety Professional of the year Award
