

## SGUK NATIONAL HEALTH AND SAFETY AWARDS 2018

There now exists an opportunity to be involved in and benefit from one the most prestigious Awards in the UK Health and Safety Network which, for participants, is free to enter.

For 2018 and beyond, we are integrating two award systems, which complement each other perfectly. The Alan Butler and Maurice Adamson Achievement Awards being specifically for groups to enter and the SCOS Innovation Awards for any organisation to enter.

**Section 1 of the Awards – Achievement** - is open to all SGUK Groups. The Alan Butler Awards provide an opportunity to celebrate group excellence and the Maurice Adamson Award recognises outstanding individuals nominated by groups.

**Section 2 of the Awards – Innovation** - is open to all organisations, of any size, based or operating in the UK - irrespective of whether or not they are currently members of a SGUK Group. The aim of these awards is to recognise the innovative work being done to raise the standards of health and safety management and help to enhance local group membership, with recognition for the winning organisation's local group as well.

The Award Ceremony is traditionally held in the auspicious surroundings of the House of Lords, which also provide an excellent celebration luncheon for winners, sponsors and guests from the most significant health and safety organisations in the UK.
