Wednesday 01 April 2020

Ricoh Suite, Cardiff City Stadium, Cardiff, CF11 8AZ

### Event overview

This year's conference complements not only the HSE's Helping GB Work Well campaign but also the Wales Health at Work Partnership. It will concentrate on sharing good practice.

Jeremy Bevan, Policy Manager, HSE will give the keynote address 'Getting things in proportion: Understanding what proportionate health and safety looks like'. This is followed by a talk on Occupational Cancer with emphasis on IOSH's No Time to Lose Campaign. After the mid-morning break we consider the first of the three HSE priority plans on occupational health viz occupational lung disease with talks on process safety and preventing respiratory disease.

The afternoon sessions concentrate on the other two HSE priority plans: musculoskeletal disorders (MSD) with information about Toyota's experience of reducing it through design followed by stress, with a talk on mental health first aid – its importance and implementation. Siân Clayton, the Head of Field Operations, Wales and the Marches, HSE will again chair the conference.

### What's in it for you?

There is a role to play for everyone who has a stake or interest in improving safety, health and wellbeing in the workplace. This conference and exhibition will help you understand and maintain the impetus for this strategy. Attending this event also offers you the chance to network with other delegates and speakers. Anything you gain can be included to enhance your CPD portfolio although please note, certificates of attendance will not be provided.

### Who should attend?

This event is aimed at all safety and health professionals, company directors, managers and supervisors, safety and health representatives, HR professionals and anyone studying safety, health and wellbeing.

### The South Wales Safety Group Alliance

Along with the South Wales Branch, members of the Alliance include the South Wales Branch IIRSM ([www.iirsm.org](http://www.iirsm.org)), South Wales Construction Safety Group ([www.constructionsafetygroup.org](http://www.constructionsafetygroup.org)), Cardiff and East Wales Occupational Health and Safety Group ([www.cardiffhsafety.co.uk](http://www.cardiffhsafety.co.uk)) and the South and West Wales Safety Group ([www.swwsafetygroup.co.uk](http://www.swwsafetygroup.co.uk)). We are the first area in the UK, where such groups have worked together to such good effect. IOSH has recognised this by giving its Excellence Award to the branch in the Collaboration Category.

Our strategic aim is to improve safety, health and wellbeing of all employees and others in the area. Taking a holistic approach, we believe that together we are stronger and better able to make a difference. Find out more at [www.southwalessga.co.uk](http://www.southwalessga.co.uk).

### What you need to know

The fee includes lunch, refreshments and a substantial delegate pack. There is plenty of free car parking at the stadium.

One of the pulling points is the exhibition, where local and national safety related businesses show us their wares. Not forgetting the prize draw at the conclusion of the day. Will you be the one to win a circuit drive in a supercar this year?

**Your data:** By entering your details on this form to register for this event, you agree to allow IOSH to contact you, by email or phone, about this event and your booking. Please note: your name, job title and organisation will be added to the delegate list and shared with the venue, delegates, exhibitors and sponsors registered for the event. No other information will be shared. Special requirements are also shared anonymously with the event venue.

**IOSH members:** Your personal data contained within our system will be used to fulfil our contractual obligations to you. Our full General Data Protection Regulations (GDPR) can be found on our website [www.iosh.com/data-protection](http://www.iosh.com/data-protection)

**Photography:** A photographer attends some IOSH events and photographs may be used in future marketing. If you do not want your photograph to be taken at the event please ensure you make a member of the IOSH Events teams aware of this upon arrival at the event.

**Past delegates list:** If you would like to be added to the past delegates list and receive information about this event (or events on a related topic) in future years please tick the box.

All information provided in the programme is correct at the time of going to print. IOSH reserves the right to make appropriate changes as necessary.

IOSH is the Chartered body for health and safety professionals. With over 48,000 members in more than 130 countries, we're the world's largest professional health and safety organisation.

We set standards, and support, develop and connect our members with resources, guidance, events and training. We're the voice of the profession, and campaign on issues that affect millions of working people.

IOSH was founded in 1945 and is a registered charity with international NGO status.
